

Alistair Macdonald is CEO at INC Research/inVentiv Health, the only fully integrated biopharmaceutical solutions organization. Our company, including a Contract Research Organization (CRO) and Contract Commercial Organization (CCO), is purpose-built to address new market realities where clinical and commercial share expertise, data and insights to accelerate biopharmaceutical performance. Macdonald has more than 20 years of experience in the pharmaceutical industry across manufacturing, consultancy, business and corporate development, data management and clinical operations. Prior to the INC Research/inVentiv Health merger in August 2017, Macdonald served as CEO of INC Research. He previously held a variety of leadership positions with INC, including head of Global Business Development and Marketing, head of Alliances Development and Delivery teams, head of Global Oncology, and president of Clinical Development Services. Macdonald holds his MSc in Environmental Diagnostics from Cranfield University; a BSc (Hons) in Applied Geology from Plymouth Polytechnic; and a Diploma Qualification from the UK Institute of Directors, 2015, Dip. Dir.
