

Amy M. Tiemeier, Pharm.D., BCPS

Dr. Tiemeier is Director of Community Partnerships, Associate Director of Experiential Education and Associate Professor of Pharmacy Practice at St. Louis College of Pharmacy.

Dr. Tiemeier currently coordinates the IPPE course in the P1 year at the college. That IPPE course focuses on clinical prevention and population health. One of the key components of this course is improving student communication through structured site experiences and assignments.

In her community partnerships role, Dr. Tiemeier focuses on medication disposal initiatives and programs as well as helping Nelson Mandela Metropolitan University (Port Elizabeth, South Africa) expand their pharmacy program experiential education.

In addition to her faculty and community partnership roles, Dr. Tiemeier was primary investigator on a Cardinal Health Generation Rx Grant to increase awareness and use of medication disposal options in the St. Louis area from July 2016-June 2017. Additionally, she worked with the Opioid Statewide Targeted Response (STR) grant team to increase awareness of and access to naloxone in Missouri pharmacies.
