

Benoit Berthoux
Managing Director, Accenture

Benoit Berthoux is a Managing Director at Accenture, leading the Life Sciences practice on the West Coast. Based in San Francisco, Benoit is responsible for Accenture's client relationships and business with West Coast based Fortune 500 Life Sciences companies.

As the healthcare space rapidly changes, Benoit leads efforts to help Accenture clients transform and grow. Benoit has broad experience in leading strategy and operations projects including corporate strategy and transformation, innovation, product strategy and lifecycle management, digital transformation, operations (commercial, finance, IT), Patient Services, managed care and distribution.

Serving as the business advocate for people initiatives, Benoit is an active sponsor of Inclusion & Diversity, supporting Accenture's overall efforts to achieve parity in the workforce. Under his leadership, Life Sciences on the West Coast is actively helping to support the acquisition, progression and retainment of our high performing women. His efforts directly support the targets of achieving 40% gender workforce parity globally by 2020 and our NA target of 50/50 by 2025.

Benoit is the Accenture executive sponsor for the Healthcare Business Women's Association West Coast, where Accenture has a growing number of membership participants. Benoit is also the Accenture lead sponsor for the Digital Health Initiative launched by the California Life Sciences Association (CLSA).

A frequent contributor on the rapidly developing changes in the life sciences industry, Benoit is active on Twitter and Linked In.

Benoit lives in San Francisco with his wife and two daughters. A native of France, Benoit has lived in San Francisco the past 13 years and has taken up the Northern California life style as both an avid surfer and skier.
