

Diane Kaye

Chief Operating Officer SVP Client Services, Candescence Health

Diane Kaye has worked in healthcare for over 25 years, with nearly two decades at high growth, venture backed companies including athenahealth, Propeller Health and Candescence Health. She has held senior leadership and executive roles in client, operations, product and business development. Diane has led through fundraising and liquidity events including an IPO and an acquisition. Diane has also consulted with and advised many early stage companies on their overall business models and how to capitalize on unique product and service offerings.

Diane's work has spanned across the healthcare continuum including payers, providers, employers and a medical device manufacturer.
