About Basel:

The Basel region is Europe's largest cluster for the pharmaceutical and life science sectors and one of the largest in the world. It is home to international companies in biotechnology, diagnostic and the pharma industry. Furthermore, the University and several research institutes make Basel a world-class center of excellence in biomedical research and form a strong basis for interactions with the industry. In addition, Basel has a rich culture, a beautiful old city and great museums which always make it worth a visit.
